Model 8124 Square Brunswick shown in taupe.

Door Construction

- Embossed, high tensile steel panels give the look of wood with the strength of steel.
- Two-coat, baked-on polyester finish is virtually maintenance-free. This finish also makes an excellent base if you repaint to match the existing exterior color of your home.
- 24-gauge steel skin.
- Full 2"-thick door panels have box-shaped 20-gauge stiles and 16-gauge end stiles for strength and rigidity.
- Contains expanded polystyrene insulation.
- Heavy-gauge steel wraparound end caps trim-out door edges for better appearance and improved strength.
- Sound-absorbing insulation provides quieter door operation and reduces wind-rattling.
- SilentGlide™ rollers with nylon tires and solid steel shafts provide years of smooth, quiet, dependable service (Not available in all sizes).

* Insulation values have been calculated in compliance with DASMA TDS-163 industry standards.
