FLUSH WOOD

Flush wood garage doors to match traditional and contemporary style homes

Model 40 Flush wood, white paint

door construction

Models 42-45 Flush Wood Doors – So popular because they’re so versatile.

Our flush style wood doors offer a wide selection of styles, windows and accents to complement both traditional and contemporary exteriors. Quality materials and expert craftsmanship give your home an appealing appearance that’s easy to live with for many years.

Crafted in first class tradition

- Wood flush doors offer several distinctive exteriors to personalize your home.
- Shiplap construction minimizes air infiltration for all doors, and some have built-in insulation.
- All kiln-dried hemlock, Sitka spruce or equal frame structures are hand assembled.
- External panels are pressure-bonded to framework with high-strength, waterproof adhesive.

specifications

Panel Design

Constructed from high quality, kiln-dried Western woods with polystyrene insulation core, double flush wood doors complement a broad range of architectural designs. Stile/rail dimensions are face measurements and do not include the molding. All dimensions are nominal.
